CITY COMPTROLLER'S REPORT

THE MAYOR AND COUNCIL,
CITY OF EDMONTON.

GENTLEMEN,—I have the honor to submit herewith the Balance Sheet and Statements of Account of the City of Edmonton for the year ending 31st December, 1919, enumerated in the relative Index.

Perhaps the most stimulating item of interest to the citizens generally is that of an improved percentage (69.4%) of collections of Current Taxes for the year 1919. Other favorable aspects of the City's financial position include a reduction in the Net Funded Debt of \$669,219.09 from that of 1918; a Surplus of \$53,359.72 on General Revenue Account; a Net Surplus on the combined operations of the Civic Utilities of \$147,147.83; and a further addition of \$359,346.26 to the Reserve against Uncollectible Taxes.

FINANCIAL POSITION—SHORT TERM LOANS

The year 1919, which closed without an overdraft, was commenced with an indebtedness to the Bank on Current Account of \$873,404.73, which is merged in the Short Term Loans and Notes outstanding as at 31st December last, and which amount to \$5,456,564.29, as compared with \$5,395,488.08 a year previous.

The Short Term Loans outstanding as at 31st December last are as follows:

Date of Maturity	Security	Rate	Amount
Demand	Promissory Note	5½%	\$ 658,412.17
1920			
1st July,	Debentures Series "A"	6%

	Hypothecated Debentures		
1921			
1st Jan.,	Debentures Series "D"	6%	2,075,000.00

1924			
15th Feb.,	Debentures Series "G" Tax Arrears 1918....	6%	900,000.00
1924			
15th Feb.,	Debentures Series "H"	6%	200,000.00
	Hypothecated Debentures		
			\$5,988,314.56
	Less Tax Arrears Collected and deposited with Sinking Fund Board towards Redemption		531,750.27
	Net Outstanding Loans		\$5,456,564.29

Of this amount, therefore, it will be observed that \$2,930,902.39 is secured by the hypothecation of Tax Arrears, and with the view to retiring these Debentures and also a Demand Note of \$658,412.17 held by the Sinking Fund Board, arrangements have been under negotiation for a consolidated issue of ten-year Debentures under the provisions of the "Arrears of Taxes" Act. On 1st July next, \$1,310,902.39 of Short Term Debentures fall due, and it is anticipated these will be discharged. The continued adverse state of U.S. exchange imposes a severe tax in remitting that portion of the funds required in New York, which amount to \$974,000.00, the balance of the maturities being held locally.

The next obligation of serious moment is that of \$2,075,000, which becomes due on 1st January, 1921, for meeting which early steps should be taken by the sale, so soon as money market conditions will permit, of those Debentures which are held in security under hypothecation. These represent a total par value of \$2,594,420.01, having been authorized under By-laws Nos. 578 (Water Extensions) and 579 (Sewer Extensions) for \$935,373.34 and \$1,659,046.67 respectively. Capital Expenditures under these By-laws have already been made in anticipation of the sale of the Debentures, to the extent of \$561,841.36 for the former (Water Extensions) and \$988,093.90 for the latter (Sewer Extensions) or \$1,549,935.26 in all.

There is also the balance of a Short Term Loan of \$124,000 due on 1st September of the present year, secured by the hypothecation of Debentures of the par value of \$974,037.71, of which \$847,448.16 has already been expended for the purposes of the By-laws authorizing same. In the event of a sale of these last mentioned Debentures being effected, Capital Account, which shows Unexpended Debenture Funds of \$1,304,265.31 (which should be on hand) but utilized in previous years for other Capital and Current purposes, would be adjusted to the extent of nearly \$850,000. It cannot be too strongly insisted upon, that all Capital Funds in future must be retained intact for their specific or authorized purpose, and not otherwise employed under any circumstances; and it is therefore extremely important that the Unexpended Debenture Funds referred to should be restored on the earliest possible occasion. Under present circumstances Capital Expenditures, unprovided for by previous sale of necessary Debentures, amounting to \$2,746,767.74, have been made, while Unexpended Debenture Funds amounting to \$1,304,265.31, as already mentioned, have been applied in financing these. The situation accordingly is a practical illustration of the unwarranted policy of undertaking permanent construction work, without first having the requisite Funds provided, on the one hand, and on the other, of Capital monies actually raised by By-law being diverted to other than their authorized object.

FUNDED DEBT

The Debenture Debt of the City outstanding as at 31st December, 1919, inclusive of General, Special (property share) and

Utilities was \$25,351,597.22. Deducting therefrom the Sinking Fund Investments (inclusive of Surplus Earnings) the total Net Funded Debt was \$19,980,201.63. Of this amount \$9,488,997.48 represents the Net General Funded Debt, or \$375,008.36 under that of 1918, as follows:

Total Debenture Debt outstanding	\$25,351,597.22
Deduct:	
(1) Special Debentures (property share)	\$ 3,974,186.01
(2) Utilities	9,901,638.47
	<u>\$13,875,824.48</u>
(3) Sinking Fund Investment of \$5,139,057.38 on Gross Funded Debt, less Sinking Fund of \$3,152,282.12 on foregoing specially rated and Revenue producing Debt	1,986,775.26
	<u>15,862,599.74</u>
Net General Debenture Debt	<u>\$ 9,488,997.48</u>

The Sinking Fund Investment as indicated (\$5,139,057.38), inclusive of surplus earnings (\$232,338.21) now amounts to \$5,371,395.59.

TAX ARREARS

Tax Arrears brought forward from 1918, amounted to \$6,755,760.49 of which \$2,980,352.11 represented Arrears against Lands forfeited to the City. During the year, collections of Arrears have been effected of \$1,074,036.47, leaving Arrears outstanding as at 31st December last of \$7,280,739.65 according to the following analysis:

Tax Arrears as per Tax Roll	\$5,284,530.72
" " against Lands forfeited to the City	1,996,208.93
	<u>\$7,280,739.65</u>

From a comparison of the relative position of the Tax Arrears against Lands forfeited to the City, as at 31st December, 1918 and 1919 respectively, it is apparent that within the year nearly \$900,000 of these Arrears have been re-instated on the Tax Roll principally owing to Agreements entered into on the part of the owners who have undertaken to meet the same in accordance with the terms of the "Arrears of Taxes Act," by payment in eight equalized consecutive annual instalments of blended principal and interest as from 1921, the current taxes and interest at eight per cent. meantime to be also discharged by the owner. Other re-instatements making up the amount were due to cancellations of Tax Sales as the result of Moratorium legislation and sundry adjustments.

The abnormal amount of Tax Arrears still remaining due to the City accordingly emphasizes the importance of the Reserve which has been created to offset any shrinkage which may occur in these arrears as a realizable Asset. This Reserve, to which \$359,346.26 has been added during the past year,—of which \$100,000.00 was contributed from the Tax Levy, the balance being the difference between estimated interest penalty and the actual—now amounts to \$695,077.97. A further addition to the

Reserve has been included in the current year's Tax Levy of \$150,000.00 and it is fully expected that by the end of 1920, the Reserve will at least have reached \$1,000,000.00. It is perhaps unnecessary to remind your Honorable Body that the present Assessment still includes those Tax Sale lands which may ultimately become vested in the City by special Transfer during the current year, and so soon as this property, which in the meantime is non-tax paying, has been withdrawn from assessment, it is evident that the Net Assessment for Municipal purposes will be appreciably reduced with a corresponding loss in Tax Levy yield—at least until such time as the property in question comes into demand by purchasers. The withdrawal of these lands, therefore, from Assessment in the meantime must entail an additional burden on the Taxpayers, which can only be described as already sufficiently onerous. In this connection some definite policy should be determined with a view to the method of managing those Tax Sale properties which may be finally vested in the City in order to secure the most profitable return by being disposed of to possible purchasers in the near future, so that these may again be re-instated on the Assessment Roll and become taxable, and your attention is accordingly directed to this important matter.

CURRENT REVENUE AND EXPENDITURE

There was a Revenue Surplus of \$53,359.72 over Expenditure on current account for the year 1919, as compared with \$30,194.95 for the year previous.

It is satisfactory to note that as regards the Current Tax Levy there has been an improvement in the percentage of receipts, the total collection of Current Taxes being \$2,567,665.34 (inclusive of discount) as against \$1,991,270.52 in 1918 or 69.36% of the Levy imposed, the figure for the previous year being 54.5%. This improved percentage, however, must be regarded merely as a step in the direction of more effective tax collections in the future than has hitherto obtained. The following summary represents collections of current taxes for the years 1916 to 1919 inclusive:

Year	Net Assessment	Mill Rate	Total Taxes Levied	Collected within current Yr. Incl. Dist.	Percentage of Levy Collected
1916	\$130,916.285	21	\$3,283,613.63	\$1,618,291.21	49%
1917	100,212,080	26.50	3,188,641.16	1,744,296.43	55%
1918	91,873,720	30	3,655,371.76	1,991,270.52	54.5%
1919-	79,191,550	35.30	3,701,763.47	2,567,665.34	69.36%

The combined collections of Current Taxes and Arrears (Net) amounted to \$3,641,701.81 for the year 1919.

It should be mentioned that in the Levies of 1918 and 1919 there were included items of assessment not present in those of previous years, namely:

	1918	1919
Provincial Supplementary Revenue Tax	\$ 77,694.25	\$ 63,727.65
Tax Exemption for Soldiers' Homes	100,000.00	60,000.00
Reserve towards Uncollectible Taxes	250,000.00	100,000.00

while both Personal Income and Business Taxes were also levied for the purpose of supplementing the Revenue of the City.

COST OF CENTRAL ADMINISTRATION

The Controllable Expenditure for the year 1919 amounted to \$912,453.72 as compared with \$720,626.10 for 1918, an increase of \$191,827.62. The accompanying Comparative Summary indicates the progress of these expenditures for the past five years:

	Controllable Expenditures				
	1915	1916	1917	1918	1919
Departmental.....	\$723,001.42	\$583,616.06	\$541,238.29	\$532,231.80	\$716,609.75
Miscellaneous.....	108,799.15	63,709.42	59,557.45	74,121.34	91,233.10
Hospitals & Grants	128,989.33	105,002.77	53,728.84	64,272.96	104,610.87
	<u>\$960,789.90</u>	<u>\$752,328.25</u>	<u>\$654,524.58</u>	<u>\$720,626.10</u>	<u>\$912,453.72</u>

The economic conditions of the past two years, but especially in 1919, have not been conducive to normal cost of administration, arising out of the universally increased scale of wages for service and prices of commodities. The demand therefore is the more potent to use every effort to secure increased efficiency and the elimination of all but the most essential operations until the situation in these respects has improved. Indeed at no time since the war commenced has there been any greater need for careful nursing of the City's financial position than at the present time; and only with conservative management will ultimate recovery from its difficulties be assured.

CIVIC UTILITIES

RESULTS OF OPERATION

The operation of the several Public Utilities during 1919, resulted in producing an unprecedented net surplus of \$147,147.85 contrasted with \$14,274.90 for the year previous.

The combined Revenue from all the Utilities amounted to \$2,150,737.00 as against \$1,708,991.92 for 1918, as appears from the accompanying analysis:

Gross Earnings of Utilities:		1918	1919	Increase over 1918

Net Surplus	\$	14,274.90	147,147.83	\$132,872.93

(1) *Electric Light and Power.*—

The net surplus returned by this Department for the year was \$118,351.90 as against \$87,371.73 in 1918. The accumulated surplus is now \$242,563.20, the sum of \$48,790.27 having been appropriated for special Renewals of Plant and Equipment, and Sinking Fund adjustment re By-Law No. 551.

The Gross Revenue shows an increase from \$538,709.81 to \$640,744.34 for the year ended, or an advance of 18.9%.

Maintenance and Operation, however, increased from \$266,240.51 to \$329,281.53 or 23.7% over the previous year.

(2) *Power House.*—

This Department resumed operations on 23rd September last owing to the Alliance Power Company, Limited, having defaulted in their Agreement with the City entered into in 1916, rendering it obligatory upon the City to undertake the management of the Plant. The Revenue Statement shows a deficit of \$7,657.74 for the period since 23rd September, but this falls to be assumed by two of the other Utilities, namely: the Electric Light and Power and the Waterworks Departments.

(3) *Street Railway.*—

Notwithstanding increased cost of Maintenance and Operation, this Utility shows a marked reduction in the net Deficit of \$59,674.85 compared with \$143,732.11 for 1918.

Comparative figures of revenue, mileage, and passengers for the years 1917 to 1919 inclusive are as follows:

	1917	1918	1919
Gross Revenue	\$487,778.22	\$507,185.82	\$682,713.19
Car Mileage	1,860,883	1,972,461	2,108,824
Passengers Carried	10,086,213	9,909,529	11,779,466

The accumulated Deficit to 31st December last amounts to \$422,777.23 and we would respectfully urge upon the attention of your Honorable Body the necessity of providing for same, either by levy or otherwise, as may be deemed most advisable.

Claims and damages last year amounted to \$9,984.53 as against \$2,593.62 the year previous, and it should be noted that certain claims in respect of accident in 1919 are still pending.

(4) *Telephone.*—

A substantial increase is noted in the surplus of this Utility from \$30,062.69 in 1918 to \$47,653.35 for the year under review.

Gross Revenue amounted to \$333,059.35 as compared with \$286,266.47 in 1918, or 16.34%.

Operation and Maintenance advanced from \$90,341.26 to \$112,953.99 last year, or 25%.

The Net Revenue Surplus amounts to \$75,518.85.

During the year an issue of Debentures amounting to \$260,000 was made for the purpose of constructing an addition to the Central Exchange and purchase of further equipment.

(5) *Waterworks.*—

This Department showed a Net Surplus of \$48,475.17—an increase of \$7,902.58 over 1918.

The Gross Revenue was \$401,399.75 compared with \$376,829.82 for the year previous, an increase of 6.5%.

Maintenance and Operation increased from \$188,710.77 in 1918 to \$210,185.73 for 1919, or 11.4%.

The accumulated Surplus of the Department now stands at \$127,237.51.

Supplementary Statements of Account of the undermentioned Institutions, duly audited, will be incorporated with the City's Annual Report as previously:
